Dear Congregation Members and Friends of Faith,

For generations Faith Lutheran College has welcomed, supported, and inspired our young people. As we mark an extraordinary milestone in Lutheran education; 180 years of our Junior School (previously Tanunda Lutheran School) and 40 years of our Middle and Senior School, we are reminded of the incredible role Lutheran congregations have played in shaping this journey.

Founded in Lutheran values, our College is a place where every student is known, valued, and empowered to write their own remarkable story. Community support has helped us build a learning environment grounded in care, purpose, and belonging, where students are encouraged to grow in faith and thrive in life.

This year, we celebrate our shared story.

We warmly invite you to join us for a **Thanksgiving Service and Celebration** on **Sunday, 2nd November 2025 at 2:00pm** as we give thanks, reflect on the past, and honour the relationships and values that have shaped our community for generations.

There will be opportunity to tour the College:

Junior School: 12noon to 1:30pm

Middle and Senior School: 3:00pm to 4:30pm

For planning purposes, we kindly request registrations via our Barossa Arts Centre.

With blessings,

Steven Wilksch

Lindsay McCabe was the fastest female swimmer in the state. Destined to secure a college scholarship, she unexpectedly lost that opportunity when a male transgender high school senior beat her at the district championships.

Armed to fight this new inclusive terminology proposed in Title IX, Lindsay and her team of lawyers fight for common-sense justice.

This movie "dives deep into the heart of one of the most hotly debated issues in modern sports: fairness in competition."

Join us for a special screening of *Just A Farmer* (M), a moving Australian film that shines a light on the challenges faced by today's farming families and communities. This is more than just a movie - it's a journey into mental health awareness and coping with the stresses of modern life. This event is a heartfelt way to view and support those affected by the emotional and financial pressures of working the land, particularly in the wake of recent drought conditions.

This is funded through the Primary Industries Drought Grant and Light Regional Council, aimed at providing vital support to rural communities grappling with the realities of modern farming, from mental health services to community outreach programs. So come ready to connect with others in your community as we raise awareness for those doing it tough on the land.
